Electronic communication is essential for conducting the business of the NENA Board of Directors. In the interest of economy and of ensuring that each Director and member of the National Advisory Council has access to a computer during his/her tenure, NENA shall provide each person holding those positions with a computer, to be replaced every four years or as needed.

Following completion of term, BOD determination shall be made to allow departing member to purchase or be gifted a laptop computer. Financial arrangements prior to purchase and re-gifting shall be set by the NENA Executive and communicated to the recipient.
