

2021 CNA CERTIFICATION COMMIT TO EXCELLENCE

EMERGENCY NURSING

“NENA encourages CNA certification in emergency nursing and applauds all our members who pursue it. Obtaining their ENC(C) is part of meeting the need of the dynamic intellectual challenges of emergency nursing when caring for the unique emergency patient... that bundle of symptoms, not yet diagnosed. Certification in our nursing specialty contributes to improved expertise, sharpened critical thinking, and increased confidence in clinical abilities. There are research studies that support the belief that certification benefits patients, nurses and employers. I invite all of our NENA members to pursue their CNA certification in emergency nursing – enjoy the personal satisfaction this professional challenge offers.”

Joe Carr, RN, ENC(C)
President, National Emergency Nurses Association
